

Sign Pact On Trade Into Law

Is Far Reaching
As President
Truman Affixes
His Signature

WASHINGTON, Sept. 26 — (AP) — President Truman today signed into law an extension of the reciprocal trade agreements program until 1951. He said it will aid "expanded world trade at a time when it is most urgently needed."

The legislation, extending the law for the sixth time since it was first enacted in 1934, gives the president a free hand in working out tariff-cutting treaties with other nations.

Under the measure, the President can agree to cut U. S. import duties on articles from other countries where those countries make similar concessions to the United States.

The extension is until June 12, 1951.

Cordell Hull, former secretary of state and credited with originating the trade agreements principle 15 years ago, was present to watch the President sign the bill.

Making one of his rare public appearances and showing effects of his long illness, Hull walked into the White House with the aid of a cane to join other notables. It was Hull's first visit to the White House since V-J day.

In a statement, Mr. Truman said that "through this wise and far-seeing legislation, the United States reaffirms its intention of pressing forward toward expanded world trade at a time when such action is most urgently needed."

Mr. Truman said this country looks forward to a reestablishment of economic balance in the world and added:

"Only in such a world economy can we foresee the maintenance of adequate and rising standards of living when our programs of financial assistance terminate."

Before final passage of the reciprocal trade extension, Hull said in a letter to the Senate that it is "an indispensable cornerstone of enduring peace based on international cooperation upon the success of which our own security and prosperity depend."

Senate passage of the measure ten days ago marked a victory for administration forces who had fought hard and successfully to wipe out restrictions imposed by the Republican controlled 80th Congress.

The chief curb on the President's powers in working out trade agreements has been the so-called "peril-point" provision. Under that, the President was required to explain to Congress any time he granted tariff concessions which the federal tariff commission deemed risky to U. S. producers.

Heaviest Rain in Jacksonville History

JACKSONVILLE, Fla., Sept. 26 — (AP) — Water-logged Jacksonville, which had the heaviest rain in its history yesterday, got more of the same today.

Rain started again at midday and was expected to continue intermittently throughout the day.

A whopping 10.13 inches fell in the 24 hours ending at last midnight. The September average for the city is 7.35 and the highest 24 hour rainfall ever recorded previously was 9.86 inches on Sept. 26-28, 1894.

Aged Showman Dies

ST. PETERSBURG, Fla., Sept. 26 — Frank Marchand Drew, one of America's oldest showmen, died here Saturday. He was 97. Drew was with circuses and engaged in the theatre business most of his life.

Annual Pet Show Held at Park Sunday

Hundred Pets
Exhibited With
1,000 Attending

The second annual Sedalia Lions Pet Show was held before a crowd of approximately 1,000 people, with approximately 1,000 pets entered, ranging in size from a riding horse to a lizard at the Liberty park Sunday afternoon at 2:00 o'clock.

All children attending the affair received favors and the participants were presented with large balloons, in addition to the prizes they received for having the winning pets.

The Smith-Cotton band, under the direction of Miss Jerry Teufel, played the Star Spangled Banner and the president of the Lions club, H. A. Haller, led the group in the Pledge of Allegiance.

Dr. Edwin E. Epstein, chairman of the show, was master of ceremonies.

Tokyo Rose Case Goes to Jury

SAN FRANCISCO, Sept. 26 — (AP) — The Tokyo Rose treason trial went to the jury at 11:44 a. m. PST today as the case moved into its 13th week.

The court's instruction to the six-man, six-woman jury lasted 1 hour and 50 minutes. Only during a 10-minute recess did 33-year-old Mrs. Iva Toguri D'Aquino show emotion. She dabbed at her eyes with a handkerchief, and sobbed. But when the jury and court attaches returned, she was composed.

Find Baby Sitter
To Secure Teacher

PATTONSBURG, Mo., Sept. 26 — (AP) — Center Point school is operating again. The school board found a baby sitter.

Because it lacked a teacher, the rural school was unable to open September 1 as planned. Mrs. Harley Ellis of McFall, Mo., agreed to serve provided the board helped her find someone to care for her 14-month-old daughter. It did and today school opened.

Since the first of the month the 11 pupils have been going to school here.

Address Before Rotary on School of The Ozarks

Prince Hohenlohe
Shot Himself

NEW YORK, Sept. 26 — (AP) — Prince Alexander Hohenlohe, who had been brooding over a separation from his wife, shot himself last night in a suicide attempt, police said.

The member of a once-leading German and Austrian noble family was reported in critical condition today at City hospital with a bullet wound in the chest. The shot collapsed one lung.

A police guard was posted at the bedside of the 30-year-old Hohenlohe. He was arrested on a charge of illegal possession of the pistol he used and of another found in his apartment.

Marking Time In Rail Strike

No Sign of a
Settlement on
Missouri Pacific

ST. LOUIS, Sept. 26 — (AP) — No sign of a settlement was seen today in the strike of four operating brotherhoods against the Missouri Pacific railroad.

Roy E. Davidson, spokesman for the brotherhoods, conferred in Cleveland with Alvan Johnston, head of the Brotherhood of Locomotive Engineers. Johnston said the Missouri Pacific walkout was mentioned only casually.

Davidson returned to St. Louis last night but said he probably will go to Cleveland today for an advisory board meeting.

"We'll just wait until Thompson (Guy A. Thompson, trustee for the railroad) decides to do business," Davidson said.

"If he things he can sit over there in the Missouri Pacific building and wait until we throttle ourselves down to nothing, he can just keep on sitting."

Voluntary Report — Thompson filed a report in U. S. District Court today concerning the 17-day-old strike. He said the report was voluntary and that no action was expected by the court since none was asked.

In the report Thompson declared that if the 282 individual claims against the railroad, cause of the walkout, were allowed they "would add to the already excessive cost of operation" because they would set a precedent for future operations.

He said the claims, plus similar ones on record but not yet pressed by the unions, would cost the railroad about \$7,700,000.

Previous estimates about the value of the 282 claims by both sides was \$3,000,000.

Thompson, as trustee of the still bankrupt railroad, is responsible to the Federal Court for operation of the road.

About 25,000 Missouri Pacific employees are idle because of the strike. Several hundred others have been laid off by industries which had to curtail operation because of lack of shipments in the 10 states served by the railroad.

Again Bring up
Pensions Cost

JEFFERSON CITY, Mo., Sept. 26 — (AP) — Is the cost of paying pensions to former employees a legitimate operating expense of Southwestern Bell Telephone Co?

That question popped up again today in a hearing before the Missouri Public Service Commission.

The utility is seeking a second round rate increase designed to bring in an estimated \$5,900,000 additional revenue each year in Missouri operations.

Increased rates for local and long distance service would boost revenue about \$3,000,000 a year. The \$900,000 would come from higher directory advertising rates.

Division Manager of Texas
Company Dies

POPULAR BLUFF, Mo., Sept. 26 — (AP) — Peter Patrick McLaughlin, aged 52, Chicago, a division manager of the Texas Co., died last night at a tourist court here of what doctors described as acute indigestion. His wife, Elizabeth, was with him and summoned doctors when he became violently ill.

Graham Clark, vice president of the School of the Ozarks, Hollister, gave the history, achievements and objectives of that school in an address today noon at the meeting of the Rotary club at Bothwell hotel.

Mr. Clark told of the service of the school in educating boys and girls in the territory of the Ozarks who have no other opportunity for an education. The ages of students are from 14 to 22 years and the school is their home both winter and summer. Part of each day is devoted to study and part to work.

Free From Divorces — A record of all students leaving the school reveals that all have made good in whatever business or profession they went into and that since the beginning of the school there have been no divorces among any former students who have married.

The meeting was presided over by Oscar DeWolf, president and invocation was by the Rev. Thomas W. Croxton.

Rev. D. Ward Neal led the singing.

The program chairman, D. W. Hecker, introduced Governor Ray Lippard, who presented the speaker.

Guests were also introduced by Governor Lippard as follows: H. W. Hobson, guest of Dick Snow; Mrs. S. Lyle Brown, guest of her husband; Rotarians C. A. McBurney, Slater; Curran A. Davis, Trenton; H. A. Redman, Odessa, Texas; Irvin L. Peters of Warrensburg; Charles A. Brandon, Gallatin; Joe Smith, Excelsior Springs; F. P. Curry, Independence; Frank L. Brittan, Kansas City; Ray L. Brown, Bolivar; Ray L. Higdon, Britt, Iowa; Larry Griffith, Port Allegheny, Pa.

Sedalia Rotarians visiting the neighboring clubs the past week were J. O. Latimer, Clinton; Guy and Leonard Peabody, St. Louis; Victor Eisenstein, Marshall and Milton Henlein, Warrensburg.

Gifts And Grants
To \$5,169,000,000

WASHINGTON, Sept. 26 — (AP) — Foreign countries received \$5,169,000,000 in gifts and other grants from the U. S. government last year. More than a third of it went to former enemy nations.

"These gifts and grants," the Department of Commerce said, "are provided either as outright donations x x x or with indeterminate conditions and terms of recovery to the United States, pending further settlements."

Besides these, the department said \$10,080,000,000 in credits "requiring repayment over several years" has been extended to foreign countries since the war.

The total in gifts and grants for the four postwar years up to July 1, 1949 was \$13,260,000,000. Last year's \$5,169,000,000 was almost double the \$2,693,000,000 for the previous year.

Germany was listed as the chief beneficiary in grants in both fiscal 1948 and 1949—\$983,000,000 in 1949 and \$627,000,000 in 1948. The former enemy country has received \$2,041,000,000 in grants since the war.

Fatally Shot On Porch
Of Girl Friend

KANSAS CITY, Sept. 26 — (AP) — Melvin Lewis Levy, 19, was found shot to death last night on the front porch of a girl friend.

He had been shot in the head and beside him was a .22 calibre rifle.

Detective John Riordan said the girl friend, Miss Mary Rue, told him that Levy had threatened suicide yesterday afternoon, but she thought he was joking.

The corner's office said no inquest would be held.

Road Contract Awarded

The Pettis county court awarded a contract for the King Bill Project No. 49-11 to J. C. Orendor. Bids were advertised last June on this particular project which calls for grading, filling in, graveling, etc. of 1.45 miles of road South of Sedalia.

Deaths In Highway Accident

KENNETT, Mo., Sept. 26 — (AP) — G. W. Nathan Baughman, 20, of Kennett, was instantly killed and Miss Patsy O'Neal, 17, also of Kennett, critically injured in a highway accident near here early yesterday.

They have expressed confidence the voters would turn down a tax increase as they did last year in defeating a constitutional amendment for a three and a half cent gas tax.

The governor has charged the opponents want to delay his road program. Under the bill which becomes effective Oct. 14, 1 cent of the extra tax would go for low type rural roads, to be built with the cooperation of county courts and the state highway commission.

Mrs. Walker is
Made Treasurer

JEFFERSON CITY, Sept. 26 — (AP) — About 500 coon hunters organized the Missouri State Coon Hunters association here yesterday and elected Leonard S. Loskowski of St. Louis as president.

Shaw of Warrensburg was elected vice-president, Carl Trippensee of Jefferson City, secretary, Mrs. Estelle Walker of Sedalia, treasurer, and George Quinn of Columbia, chairman in charge of field trips.

At a bench show held in connection with the meeting, Red Wing owned by Dykeman of Columbia was judged best of show.

Everyone who contributes will be given a red feather and is asked to wear it all the week of October 10 to 17. In addition to the red feathers 100 percent suckers will be given to the business firms, offices and homes where everybody gives. This means that firm or head of the business, office and home gives as well as each employee or member of the firm or family. All Sedalians will want to be on the 100 percent list and volunteer solicitors would appreciate if contributions were ready for them when they call.

"Your Help Means More Hope," Chest Drive Slogan

"Your Help Means More Hope" is the National Community Chest Drive slogan this year.

The Sedalia Community Chest Drive slogan is "100 Percent Coverage and 100 Percent Giving." The committees are working hard on the organization of the drive so that no one will be missed. Hundreds of men and women are giving many hours of time to make the 100 percent coverage and they feel sure the people of Sedalia are going to respond with their part 100 percent giving. "Everybody gives, everybody benefits."

Set Aside Order On Bell Rate Hike

TOPEKA, Kas., Sept. 26 — (AP) — An order of the State Corporation Commission in tossing out a Southwest Bell Telephone company request for a Kansas rate hike was set aside in district court today.

District Judge Paul Heinz ruled the commission acted "unlawfully and unreasonably" in January, 1948, in dismissing the phone company's application for a three and one third million dollar annual increase in Kansas rates.

Tenseness in Labor And Big Business Rifts

Steady Pressure
By Union on Steel
Employers

By The Associated Press

The three-ring bargaining struggle between big labor and big business tensed today with the prospect of new action in two of the arenas—steel and automobiles.

The third contest, between John L. Lewis' United Mine Workers and the nation's coal producers, marked time although Lewis held a tight strangle hold on the operators. The 480,000 UMW doggers began the second week of a protest strike because their welfare fund benefits have ceased.

The CIO steelworkers' union kept a steady pressure on the resisting big steel employers, insisting on a company-paid pension insurance program to cost 10 cents per man hour of work. Negotiations conferences were resumed after a week-end recess, with a strike of 1,000,000 steelworkers set for 12:01 a. m. Saturday.

James J. Thimmes, an international vice-president of the union said flatly yesterday he thought there was "little chance" that the strike wouldn't come off.

Figure In Auto Talks

The steelworkers' demand was backed by a recommendation made by a presidential fact-finding board which investigated the steel dispute.

The fact-finding panel's report figured in the automobile talks at Detroit where the CIO United Auto Workers are spearheading their campaign for employer-paid benefits in Ford negotiations. UAW President Walter Reuther has set Thursday as a deadline in the Ford talks. If agreement is not reached by then, he said, 115,000 Ford workers will be called out. The strike date hasn't been set.

Nearly 60,000 Chrysler Corp. workers authorized a strike for support of the union's bargaining aims Saturday.

Superintendents
To Meet Here

County superintendents of schools from Pettis, Benton and Saline counties will hold a meeting in the Pettis county court house, Wednesday morning at 10 o'clock, and will last until 3:00 o'clock that afternoon.

The meeting will be conducted by Harold L. Young with the State Department of Education and Dr. William F. Knox of Central Missouri State college, Warrensburg.

The meeting will be a workshop type of meeting with discussions given on superintendent reports. Particular emphasis will be given on the classification of schools.

Governor to Press
On Roads Bill

JEFFERSON CITY, Mo., Sept. 26 — (AP) — Gov. Forrest Smith will ask the Missouri legislature to call a special election if opponents of a gasoline tax increase get enough petition signers to force a referendum.

And if the proposal to increase the gas tax from two to four cents a gallon is defeated at the polls, the governor said today, he will call the legislature into special session to draft another road bill.

The governor disclosed his plans in his weekly letter to the rural press, "your governor reports."

Opponents of the tax increase are trying now to get approximately 55,000 signatures for a referendum vote. Their plan, however, was to put the proposal on the November, 1950, general election ballot.

They have expressed confidence the voters would turn down a tax increase as they did last year in defeating a constitutional amendment for a three and a half cent gas tax.

The governor has charged the opponents want to delay his road program. Under the bill which becomes effective Oct. 14, 1 cent of the extra tax would go for low type rural roads, to be built with the cooperation of county courts and the state highway commission.

Task Force 87, used in today's exercises, is the operating naval force for the western Atlantic area. Assembled for maneuvers were two of the biggest flattops, the Roosevelt and her sister ship Midway, supported by 16 fighting ships. The force included also the small escort carrier Mindoro; the heavy cruiser Albany; the anti-aircraft cruiser Spokane; the radar picket submarine Spinax and twelve destroyers deployed in the usual four-ship divisions. The submarine was the new Schnorkel "breather" type submersible capable of fairly high speed and prolonged periods of underwater operation.

The planes included the newest in navy aircraft designs, among them the carrier-borne McDonnell "Banshee" jet fighter which some navy men declare capable of intercepting the air force's high flying B-36 bomber. Also scheduled for demonstration was the PV2 "Neptune" navy's far-flying bomber with a combat range of 4,600 miles.

Tighter Curb On Spies Now Being Urged

Pointed Out That
U. S. Has Been
Too Tolerant

By Douglas B. Cornell

WASHINGTON, Sept. 26 — (AP) — The question of Russian espionage and American security won more emphasis from U. S. lawmakers today than a renewal of Soviet suggestions for world controls over the A-bomb.

Two week-end statements by a pair of strategically placed members of Congress especially argued for tighter curbs on spies—now that Russia has had an atomic blast of her own.

The arguments were advanced by Rep. Velde (R-Ill.), a former G-man who worked on Soviet espionage cases, and Senator O'Connor (M-I.), acting chairman of a Senate Immigration subcommittee.

Now a member of the House Un-American Activities committee, Velde talked of introducing a resolution demanding that Congress investigate "our entire security setup."

Velde said there should be an inquiry, that the security record is "disgraceful" and a "threat to our national existence."

For fifteen years, he said, the American government "from the White House down" has had an official attitude of tolerance and even sympathy for the views of Communists and fellow travelers.

As a result, he continued, Espionage flourished and the Russians undoubtedly gained three to five years in manufacturing the atomic bomb.

Says Agents Still Active

Saying that there has been infiltration in the government by a spy network over the years, Velde added: "Soviet espionage agents are still highly active."

In a broadcast, O'Connor said that under present laws the door is open for Communist infiltration under the guise of diplomatic and semi-diplomatic status. "Not only rank and file subversives are coming in, he said, but also hundreds of ring leaders."

"As the agents of Moscow," he said, "they are the brains and the guiding force of subversive activity in this country."

They get in, he continued, as diplomats or as representatives of international organizations like the United Nations.

As to what can be done about them, O'Connor said the main need is for a law to bar them from the country or toss them out if they get in, regardless of their diplomatic status.

For Better Coordination

The defense secretary started these trips recently to bring the heads of the three armed services together informally to foster closer coordination in the military department.

But today Johnson was working the "orientation" both ways. He wanted the air force and army high command to see how the navy would fight another war—something Defense Department chiefs call "cross-education" among the armed forces.

The "scuttlebutt" gossip aboard this ship when she sailed was that neither Johnson nor General Hoyt Vandenberg, air force chief of staff, had ever set foot on a navy flattop at sea.

Johnson arranged to have his flattop foot-setting in a manner usually reserved for old hands in carrier operation.

He was scheduled to fly out from the Norfolk Naval Air Station in a helicopter and land aboard this 45,000-ton carrier at 9:45 a. m. EST.

Task force 87, used in today's exercises, is the operating naval force for the western Atlantic area. Assembled for maneuvers were two of the biggest flattops, the Roosevelt and her sister ship Midway, supported by 16 fighting ships. Also scheduled for demonstration was the PV2 "Neptune" navy's far-flying bomber with a combat range of 4,600 miles.

The new Spanish deposits were reported to be in the Pyrenees. Spain already is reputed to be the holder of the world's fourth largest uranium deposits although little of the material has been mined.

Diplomatic sources in Madrid said uranium, more than anything else, might persuade the Atlantic powers to lift their diplomatic boycott of the Franco regime. Rep. James J. Murphy (D-NY) arrived in Madrid yesterday to discuss the possibility of an American loan to Spain.

Senator Pat McCarran (D-Nev) also was due to see the generalissimo about a loan and possible diplomatic recognition by the U. S., although President Truman said September 15 the senator was not speaking for the U. S. government.

'Alert' Tug Stops Careening Truck

A truck driver and his helper were grateful that the tug Alert was at its berth in Oakland, Calif., when the truck's brakes failed. The big machine went through a pier fence gate and struck the bow of the tug headon. The crash stopped the forward progress of the truck and it hung up on the edge of the dock. Damage was minor and no one was injured (AP Wirephoto)

Suggests Check On Credits

Scott Webber, manager of the Social Security field office in Sedalia, suggests that this is an excellent time for all persons employed for wages under the Social Security Act to request a complete statement of their earnings account.

Records are now completed to include all wage credits under Social Security through 1948.

Webber pointed out that an individual's record may be corrected for only four years. Every worker should check his credits at least once every four years. If an error has occurred, the local office will help you obtain the proper credits.

A complete statement of your earnings may be secured by using post card forms available at the Social Security Administration, 106 1/2 West Fifth street, Sedalia.

Fall Planted Onions Bear Earliest Crop in Spring

Like onions? You can harvest them from your home garden from the time the ground thaws out in the spring, until it freezes in the fall, if you start the cycle by planting top sets of Egyptian winter onions this fall.

All onions like cool weather, but this is the only one that can be depended upon to live through sub-zero temperatures, and start growing with the earliest spring thaws. The "top sets" are produced by the onion plant, as a cluster of miniature onions at the top of a seed stalk. Planted just like the onion sets we buy in the spring, they will produce green onions in time to enjoy before you can even spade the garden for other crops.

A clump of Egyptian onions will grow as large as a foot in diameter; and if part of it is harvested each spring, it will produce top sets, and provide spring onions for the table, for many years. These "top sets" gave early gardeners the idea for "bottom sets," which are grown from seed, dwarfed by crowding and planted the following spring for a speedier harvest than can be grown from seed.

There are red and white Egyptians, the color being only in the skin, with small if any difference in flavor. Plant them so that just the tip of the set is exposed, eight inches apart if they are to be permanent residents of your garden.

In some sections, where winters are milder, potato or mulchier onions will live through the winter. Here the set is much larger than the Egyptian, and consists of several sections, attached only at the bottom. Each section will produce an edible stalk, mild in flavor. Where winter temperatures fall much below zero, a protective mulch should be spread over the planting.

Rhubarb and asparagus roots are other perennials for the vegetable garden which can be planted to advantage in the fall.

The main requisite for an asparagus bed is deep rich soil and ample root room for each hill, giving the plants 3 feet of space each way. A dozen rhubarb plants will be sufficient to provide an ample supply for the average family, and they will last a lifetime with little care. New varieties of rhubarb which are

THE NEW AND IMPROVED STRAIN OF THICK LEAVED SPINACH HAS BECOME A FAVORITE WITH THE HOME GARDENER.

characterized by pronounced red coloring in the stalks, are now popular. They show improvement in tenderness and flavor over the older types.

Two of the early spring vegetables can be conveniently planted in the fall. These are lettuce and spinach. Wait until the last minute when the ground can be worked and then cover the rows with a mulch until frost is out of the ground in the spring.

Seed should be sown late, but before the ground freezes. It is not intended that the seed shall germinate this fall, but that it shall lie in the ground through the winter and sprout in the first favorable weather of spring.

Conestoga Stogies

The humble stogie derives its name from the fact that it was the favorite smoke of the men who drove the famed Conestoga wagons having their origin among the Dutch farmers of the Conestoga valley, Lancaster County, Pennsylvania.

Acetylene, long known to chemists for its wide versatility, but little used because of its explosiveness under pressure, now can be exploited with safety as the result of a new technique.

Voodoo at The Vanishing Point In Old New Orleans

By James McLean

NEW ORLEANS, Sept. 26.—(P)—Voodoo still slinks in the dark corners of ancient New Orleans, but it's a dying business.

There are those who claim Voodoo's curse rid the world of Hitler and Mussolini.

On a certain night back in 1941, the story goes, a hoodoo hotshot and nine black-garbed assistants filed into a graveyard. They buried pictures of the two dictators. As the yellow moon rose, tall black candles were lit on the grave. The leader raised his arms to the moon. His aides tossed nerve-taut cats into the candle flames, and as their screams filled the night the curse was pronounced—death to Hitler by a bullet, Mussolini by hanging.

But voodoo's grip had withered, despite such modern touches as cut prices, free samples and even drug store specials.

This toothless old terror is on its last shaky legs, a far cry from the day when the merest whisper of its presence could paralyze with fear.

The latest flurry to reach local headlines involved a young white war widow. She found a black voodoo cross on her doorstep. It symbolized death or separation from friends.

The wax cross had the young widow's name on it and 43 deep thrust pins. At the top was a piece of string, knotted nine times. The maker of the cross was never traced, but police said it was voodoo professional work.

Police thought it was an attempt to extort money. Older residents in the neighborhood, wise

to voodoo ways, said it was an attempt to turn the young attractive woman against a boy friend.

Fading Into Memory

There was a time when black voodoo queens ruled a realm of their own in this city of shoulder-wide streets and fancy grillwork balconies.

But the lusty day of Melane and Marie Leveau, king and queen of Ante-Bellum voodooism have faded into history.

The dregs that crop up today are nothing more than petty racketeers capitalizing on superstition. Voodoo clings to life now by hawking "luck" to Negroes who play the ponies and numbers.

Gypsies too are muscling in on this old voodoo power of commanding luck. They became so active recently that police had to chase them out of town, Detective Captain Harry O. Gregson said.

Voodoo basically is a smirking little god of evil who promises anything for a fee. It is organized superstition, twisted and fanatical.

But education dug around the dark corners and finally kicked the stuffing out of weird voodoo fetiches.

Just Saturday Night Bebop

Voodoo lost its lethal punch before the turn of the century. Here's what the Daily Picayune of June 24, 1894, said:

"The days of . . . voodooism are irretrievably gone. People are just too busy or thrifty to spend time and money on such jugglery."

In New Orleans today you can still find Negroes crowded in

smoky rooms, sweat streaming from their faces as they surge through a frenzy of rhythm.

But that's just plain and simple Saturday night bebop.

Negroes who like their beer and "doin' the Huckle Buck" can't be bothered with mystic rituals and mumbo jumbo.

In the better Negro neighborhoods, it's an unwise voodoo doctor who tries to open shop. A tough detective with harsh questions will be around to see him. The neighbors don't take kindly to these charlatans with their voodoo kits. They want them out, and fast.

However, ask the colored man in the know and he might steer you to one of the fetish clan. Or a washwoman may give you an address.

For their clients, the voodoo boys can perform a wide assortment of super stuff. The fees are what the traffic will bear. But with competition from crystal gazers, gypsies, magic healers and the like, prices have to be pared.

If you are feeling bad they've got an ointment or an incantation. If some devil of a woman is chasing your man, that can be fixed too, for a price. Maybe the "hoodoo" calls for a little bag of powdered brick, or some pepper or beans. A secretly peddled book has recipes for such skullduggery. Leave that little bag around your foe and it's supposed to play havoc.

And there's always the black candle or doll to stick pins in. But that's reserved for real mean "hoodooing." That's when you're so mad at somebody you want to pull out all the stops. The idea is to stick pins in the candle or doll, and pull them out day by day.

These voodoo specialists are

Charged With Murder in Plane Crash

J. A. Guay, 32 (right), a jeweler at Quebec, has been charged with murder in connection with the death of his wife, 28 (left), and 22 other persons who died in the crash of a Canadian airliner September 9. Police authorities at Toronto and Quebec charged that Guay induced a woman friend, Mrs. Arthur Pitre, 40, to put a dynamite bomb package on the plane. The plane crashed near Quebec after the package exploded. Royal Canadian mounted police officers described the plane episode as part of a love triangle and said it was contrived to get rid of Guay's unwanted wife and collect a \$10,000 insurance policy on her. wary people, hard to contact if you're a stranger. If you find one on a phone, their likely excuse for not talking is—"I ain't working now."

Homemakers At Spaits Home

Mrs. Walter Spaits was hostess to the Sunny Side Homemakers Extension Club, for the September meeting, with Mrs. Frank Spaits and Charles Spaits as assisting hostesses.

The afternoon session was called to order by the president, Mrs. Charles Spaits and all united in singing "Peace," the club song.

Mrs. Guy Berry led the devotions.

Mrs. H. D. Hankins reported that plans for Achievement Day were progressing nicely.

The club voted to present the Sunny Side school with a library card.

C. F. Scotten, superintendent of county schools, the guest speaker, spoke on the reorganization of the present school system.

Mrs. John Griessen also discussed the rural school situation. The October meeting will be in the home of Mrs. A. G. Billingsley and will continue to make cancer pads.

Refreshments were served to sixteen members and guests.

Held in Crash

Mrs. Arthur Pitre, 40, (above) was being held in Quebec after she told police she put a package aboard a Canadian airliner which later crashed killing 23 persons. Police said Mrs. Pitre told them she did not know what the package contained. Royal Canadian mounted police charged that it contained a dynamite bomb and that J. A. Guay, Quebec jeweler, had induced Mrs. Pitre to put the package on the plane. The police contend that the plane crash, caused by the explosion of the package, was part of a love triangle plot to get rid of Guay's wife. (AP Wirephoto)

Wiener Roast By Farm Club

Mr. and Mrs. Albert Yokley entertained the Progressive Farm Club, of LaMont, at their home Friday evening, September 16. The meeting was opened by the president, George Landes.

The club planned a wiener roast for Thursday, October 6, to be held at the home of Mr. and Mrs. Fred Weikal.

Members present were: Mr. and Mrs. J. L. Hiltnerberg, of Sedalia, Mr. and Mrs. George Lewis, Mr. and Mrs. George Landes, Mr. and Mrs. Charles Brown and Bobby Reavis, Mr. and Mrs. Fred Weikal and Kenneth, Mr. and Mrs. Albert Yokley.

A social hour w enjoyed and ice cream and cake were served by the hostess.

Stitch and Chatter Club In Quilting

The Harmony Stitch and Chatter Club met with Mrs. Tom Maness Thursday to quilt a quilt for the hostess.

Fourteen members, three children and two visitors, Mrs. Mort and Mrs. Bevanington who became members of the club.

A dinner was served at the noon hour to thirteen pupils of the Harmony school and the teacher, Miss Carrie Ann Sanders by the club. The meeting was called to order at 2:30 o'clock by the president. It was voted to give five dollars for polio drive. Roll call was answered by telling the first you could remember.

The next meeting will be with Mrs. Louis Mertgen, October 20.

Until you've experienced the silent, gliding restfulness of this roomy Packard—you're just not up-to-date on fine car comforts!

Packard calls it the "Limousine Ride," because many of its advancements were first developed for the magnificent Packard Limousine. But the first and foremost secret of its superiority lies in Packard's costly "self-controlling" suspension system.

"Self-controlling" means it compensates automatically for changes in load and road. "Self-controlling" means it

The reassembly meeting of Osage Chapter, Daughters of the American Revolution, was held at the home of Mrs. Z. Lyle Brown, 819 West Fourth street, Saturday afternoon.

A dessert course was served by Mrs. Brown and her assisting hostesses Mrs. George Bichsel, Mrs. Leslie Layne, Mrs. C. W. Matheson, Mrs. W. A. Schien, Mrs. C. E. Yeater, Mrs. J. E. Golladay, Mrs. J. L. Heiss and Mrs. A. L. Walter.

Mrs. A. L. Walter, regent, welcomed the members back for the first meeting of the fall season and made a short talk.

The ritual was followed by a prayer and Mrs. Thomas W. Croton accompanied the group as they sang "The Star Spangled Banner."

An announcement was made of the southwest district meeting which will be held at Butler on October 24.

Plans were made to install a marker on the gate at Memorial avenue at Crown Hill cemetery and also to mark the Washington elm on the court house lawn.

Following the business session Miss Nina Harris, program chairman, introduced Mrs. W. P. Tucker who spoke on "My History Book Says." Mrs. Tucker's talk was on the colonization period and she gave many interesting historical facts on that era. A copy of Mrs. Tucker's address has been sent to the filing and lending bureau in Washington, D. C.

Mr. and Mrs. J. S. Faddis of Sedalia, route 4, will celebrate their fiftieth wedding anniversary, Sunday, October 2 at their home.

Mr. and Mrs. Arthur D. Smith of Windsor, entertained 26 guests at their farm home Sunday in honor of several attending who will celebrate birthday anniversaries in

October, this being an annual event of the group.

Hope Kidnaped Boy In School

This is an artist's conception of Ronnie Thompson, abducted in October of 1944, as he would look today at the age of 6 1/2 years. New rewards for his return total \$4,000. He probably would have a small dimple on the cheek below the outside corner of his left eye. He also has a "pinched" effect near the top of his ears. His parents, Mr. and Mrs. Arthur Thompson of Dayton, Ohio, believe that Ronnie may have started to school this fall and are asking teachers throughout the nation to watch for the brown haired boy or for a sudden withdrawal from school. Battle on Foreign Policy

Developing in Preliminaries on The 1950 Campaign

By Jack Bell

WASHINGTON, Sept. 26—(AP)—A Republican-Democratic battle over foreign policy seemed to be developing today in preliminary skirmishes of the 1950 congressional campaign.

Politicians said they will be surprised if it warms into the isolationist-internationalist argument of yesterday. Instead, they look for a quarrel over the methods of strategy of keeping world peace.

Two Republican candidates in next year's Senate races—Senator Taft of Ohio and former Rep. Dirksen of Illinois—already are beating the bushes in criticism of administration foreign policies.

Taft told a reporter some of his critics are accusing him unjustly of being an isolationist because he voted against the North Atlantic Security Pact and the administration's \$1,314,000,000 foreign arms program.

Taft said he balked at the arms program because he thinks it may provoke Russia to war much sooner than the Soviets otherwise might do.

He said he voted against the pact only because he felt that it involved an arms commitment.

Dirksen, known as an advocate of international cooperation when he was a member of the House, has teed off on the Marshall plan. He voted for it, when he was in the House.

Now he says that the U. S. deficit is such that to be sending funds abroad for European economic recovery is "like the blind leading the blind."

Soon Begin Campaign

Senator Donnell (R-Mo) another Republican critic of the handling of international affairs, expects to start campaigning soon for next year's elections. His record is varied, since he voted against the North Atlantic Pact but in favor of the arms program.

There are reports the administration may send W. Stuart Symington, secretary of the air force and former St. Louis manufacturer, after Donnell's scalp.

Senator Capehart (R-Ind) who once called for an end to the bipartisan foreign policy but later voted for the Atlantic Pact, already is mending fences in his home state. Capehart wasn't recorded on the arms bill.

In Iowa, Republican Senator Hickenlooper has made the Atomic Energy Commission something of a campaign issue with his criticism of its management. On international affairs, he has gone along with the bipartisan foreign policy, as evidenced by his vote for the Atlantic treaty.

If Senator Cain (R-Wash) decides to run against Senator Magnuson (D-Wash), foreign policy probably will get a play in the campaign. Cain voted for the North Atlantic treaty, but against the arms program. Magnuson supported both.

Harlan Peyton, GOP national committeeman from Washington, said Cain would resign a term that has two years to go in order to oppose Magnuson. Cain's aides here said he hadn't decided finally on the move.

At Auxiliary District Meet

Members of the American Legion Auxiliary, Unit 16, of this city who attended the district meeting held Sunday at Higginsville were: Mrs. George F. Chambers, Mrs. F. B. Piper, Mrs. Alice White, Mrs. Harry Seeger, Mrs. A. F. Scott, Mrs. E. Glenn Lewis and Miss Velva Lee Hamilton.

The meeting was presided over by Miss Helen Herder, of Slater, president of District No. 7. Mrs. Alice White, of this city, acted as chaplain in the absence of Miss Chappin Holt, of Marshall.

A welcome was given by the Higginsville unit and the Higginsville quartet sang two selections. Units of the district represented were Green Ridge, Fayette, Marshall, Glasgow, Odessa, Cole Camp, Slater, Lexington, Wellington, Concordia and Sedalia units 16 and 98.

Mrs. Harry Estell, of Fayette, stressed the junior activities program and the topic of the afternoon was "Membership."

Following the business meeting a social session was enjoyed at which time refreshments were served by the Higginsville unit.

Schedule is Revised For National Leaders

NEW YORK, Sept. 26—(AP)—As a precautionary measure, President Ford Frick of the National League today ordered the St. Louis Cardinals and Pittsburgh Pirates to play on Wednesday instead of Thursday.

Originally Wednesday was an open day for both teams. By setting the game one day ahead, it would be possible to play it Thursday in event of rain. Otherwise if it rained out Thursday there would be no way to play the game before the regular end of the season, and this could have an important bearing on the close pennant race.

The Cardinals now lead the Brooklyn Dodgers by a game and a half. The balance of the revised schedule for both teams follows:

Monday, Sept. 26—Open date.

Tuesday, Sept. 27—St. Louis at Pittsburgh (night), Brooklyn idle.

Wednesday, Sept. 28—Brooklyn at Boston, St. Louis at Pittsburgh.

Thursday, Sept. 29—Brooklyn at Boston, St. Louis idle.

Friday, Sept. 30—St. Louis at Chicago, Brooklyn idle.

Saturday, Oct. 1—Brooklyn at Philadelphia, St. Louis at Chicago.

Sunday, Oct. 2—Brooklyn at Philadelphia, St. Louis at Chicago.

President to Masonic Meet

WASHINGTON, Sept. 26—(AP)—President Truman will fly to St. Louis Wednesday to attend a Masonic celebration. He already has an engagement to speak at Kansas City Thursday night.

High administration sources disclosed that Mr. Truman, a former Grand Master of the Missouri Grand Lodge of Masons, will stay at St. Louis Wednesday night and will install Grand Lodge officers in a ceremony Thursday morning.

From St. Louis he will fly to Kansas City Thursday afternoon. His speech that night at 9:30 p. m. (CST) is to be at a testimonial dinner for William M. Boyle, Jr., new Democratic National chairman and a former Kansas City police official.

Mr. Truman will not speak from a prepared text, but will talk extemporaneously with the use of some notes.

He will return to Washington the next day, Friday, in time to be back in Washington at 6:15 p. m. (EST) Friday.

Mr. Truman will speak Friday night by radio over major networks from the White House in connection with the Community Chest campaign.

Zinc Company Workers Strike

PALMERTON, Pa., Sept. 26—(AP)—More than 2,000 workers of the New Jersey Zinc company, one of the largest zinc producers in the nation, struck today.

The workers, members of the United Steelworkers of America, quit their jobs in support of demands for wage increases and insurance and pension benefits.

The union had rejected a company offer to continue the present wage scale to February 28, 1950. The current contract expired at midnight. The strike became effective one minute later.

Picket lines were thrown up around the plant, which is about 20 miles west of Allenton.

Fined \$25 For Careless Driving

Doris E. Miles, Clinton, pleaded guilty to a charge of careless and reckless driving in police court this morning and was fined \$25. He posted a bond for his appearance in court following a collision at Wilkerson street and Prospect avenue, Saturday afternoon, at which time, occupants in the other car, Mr. and Mrs. Silas S. Hall, LaMonte, route 1, received injuries.

Two drivers who figured in a collision Saturday night at Fifth street and Ohio avenue, and posted bonds for their appearance in court on charges of careless and reckless driving, pleaded not guilty and following a hearing, Judge Harry O. Berry, dismissed the case. They were: Norval Wornhage, Warsaw and Earl C. Phillips, Kansas City.

John Coffey, Spring Fork, forfeited a two dollar bond on a charge of violating a parking zone.

Twelve overtime parkers forfeited dollar bonds.

Office of Auto Company

Broken Into

Dan Robinson reported to police that a rear window glass was broken, and two or three dollars in change was missing from the office of the Robinson Nash company, 224-226 South Osage avenue.

Robinson reported the money was taken Saturday night, and he was under the impression that it was children. The glass was broken just big enough to allow passage for a child.

Atomic Fishing at Bikini

Dr. Lauren R. Donaldson, director of scientific surveys at Bikini, puts a fish in a sack as he stands in water on a reef at Bikini. In a report on continuing radioactivity resulting from atom bomb tests at Bikini in 1946, Dr. Donaldson said the waters were safe for swimming, witness his own exposure to the water, but that sea food caught there was still radioactive. Wife Slayer to be Executed Nov. 4

JEFFERSON CITY, Sept. 26—(AP)—Ernest Afton Scott, 49-year-old Ozark farmer, must die in Missouri's lethal gas chamber Nov. 4 for killing his estranged wife.

The Missouri Supreme Court set the date today, upholding a death sentence by the Wright county circuit court.

Scott shot his wife in Mountain Grove, Mo., March 29, 1948. The state charged he attacked her after killing Circuit Judge Charles H. Jackson. He has not been tried in the Jackson case.

Scott pleaded innocent because of insanity. His counsel agreed at his trial to introduction of evidence about the Jackson killing.

Reviewing the case the supreme court noted that Scott came after the judge with a rifle while Jackson was looking at cattle on a neighboring farm.

"I have got you where I want you. You have broke up my home," Scott was quoted as saying.

After shooting the one-armed circuit judge, the court said Scott drove into Mountain Grove. His wife had gone to the home of her mother there with seven of her ten children.

At her husband's request she put down the baby she was carrying and went outside to talk with him. The court said Scott took his gun from his car and shot her, then drove away.

He surrendered voluntarily to the Highway Patrol two days later.

The supreme court opinion by Judge C. A. Leedy, Jr., concluded Scott had a fair trial and there was no reason to change the verdict.

CIO Would Out Three Unions

JEFFERSON CITY, Sept. 26—(AP)—Missouri C. I. O. members want three unions kicked out of the national organization because of left wing activities.

The Missouri state industrial union council yesterday charged the three unions have followed the Communist party line and "lent aid and comfort to Russia and her satellites."

The council named them as the International Union of Mine, Mill and Smelter Workers, the Food and Tobacco Workers, and the Farm Equipment Workers.

The council promised to fight the possible reelection of Senator Forrest C. Donnell (R-Mo) and Rep. Dewey Short, Galena Republican, next year.

Council officers reelected were Harold Edwards, Kansas City, president; Ralph Turrentine, St. Louis, vice president and James A. Davis, St. Louis, secretary-treasurer.

No Fire Damage To Funeral Chapel

In the \$6,000 fire occurring at Sweet Springs, last Friday afternoon, the Carter funeral chapel was not damaged by the blaze, as erroneously printed in this paper; however, a barn, owned by the Carter funeral chapel was destroyed. Vaults and a hearse inside the barn were saved. About a \$1,000 damage resulted to the barn. No insurance was carried on the barn.

Fire completely destroyed a combination garage, filling station and coffee shop, owned and operated by D. Winfrey.

Run To Roof Fire

Sparks flying from a flue at the residence of Phillip Hoffman, 611 West Seventh street, caused a run by the fire companies, Sunday morning at 10:15 o'clock.

The fire department estimated the damaged to the roof at \$50.

Divorce Is Granted

Mrs. Melva Ward was granted a divorce from Phillip Ward in circuit court today. She was awarded \$50 a month for the support of two minor children.

Fractured Shoulder In Fall

Almon Stone, route 1, Frisco, fell while walking along a street in Warsaw Saturday evening, and dislocated his left shoulder. He was brought to the Bothwell hospital where the shoulder was set and he was later dismissed.

Swears Off On Pole Sitting

CLEVELAND, Sept. 26—(AP)—Wobbly legged Charley Lupica swore off flagpole sitting today and luxuriated in an honest-to-goodness bed.

What's more, after his world champion squat of 117 days, two hours and 25 minutes, Lupica sighed:

"Now I'm going to rest for two weeks before going back to work."

The 37-year-old Lupica made his historic descent yesterday before 33,977 fans at Cleveland stadium. His ankles were sore. He was tired. But his eyes were moist as he teetered toward his wife, Augustine, and their four children at home place.

Charley found out that flag pole sitting can be profitable, even when you lose. He had vowed to stay aloft on his perch over his delicatessen until the Indians reached first place.

He guessed wrong but managed to shatter the old pole sitting mark of 72 days. The Tribe gave him these presents, anyway, at the ceremony:

A new Pontiac sedan; bicycles for daughters Margaret, 6 and Nicolette, 10; a tricycle for son Carl, 8; a stroller for Charley, Jr., one month.

A radio; a stove; an old fashioned bath tub; a four poster bed; a dog for Carl; and a 50-foot flagpole.

To all this, Mrs. Lupica could only say:

"Oh, my goodness. This sure is something. I'm glad it's all over for Charley. Aren't you, Charley?"

Military Pay Boost up Today

WASHINGTON, Sept. 26—(AP)—Legislation authorizing the first general pay boost for the armed forces in 40 years comes up for a Senate vote today with approval generally regarded as certain.

The Senate arranged to ballot at 5 p. m. EST. Backers of the measure predicted only scattered opposition.

The House already has approved a similar bill. That draft and the Senate version both provide for hiking the pay of most ranks from private to major general.

The cost of the Senate bill is estimated at \$274,000,000 from October 1, when the pay increase would become effective, through the fiscal year ending next June 30th.

Using the following fiscal year the cost would go to \$348,000,000 and then come down to \$304,000,000 annually thereafter.

Hughesville PTA To Meet On Wednesday

The Hughesville Parent Teacher Association will meet at 8:00 o'clock Wednesday night in the school auditorium. This will be the first meeting of the year with the new president, Mrs. Edwin Williams presiding.

Ed Beatty will give a talk on the school program for 1949-50 which will be followed by a reception for the teachers.

Windows Broken at Thompson Motor Company

Two windows were broken at the E. W. Thompson Motor company, 400 South Osage avenue, sometime Saturday night. A rear window was broken, and then one out of a door leading into the service department.

Nothing was reported missing to the police; however all the auto parts in the store were not checked to ascertain if any were gone.

OBITUARIES

Clyde Patterson Connor

Clyde Patterson Connor of Florence, 54 years of age, died at 11:45 o'clock Saturday night at the Bothwell hospital where he had been a patient since Friday.

Mr. Connor was born November 25, 1894 at Adair, Ill., the son of James and Effie Toland Connor. He lived in Adair until 25 years ago when he located in Iowa where he met and married his wife. About three years ago they moved to a farm near Sedalia where he lived until his death. He joined the Mt. Olive Baptist church southwest of Syracuse where he was a regular attendant as long as his health permitted.

Those surviving are his wife, Marie; three sons, Dean, Kenneth, and Gerald of the home; a sister, Mrs. Nola Cadwolader of Peoria, Ill.

He was preceded in death by his parents and two brothers.

Funeral services will be held at the Mt. Olive church at 2:00 o'clock Tuesday afternoon with the Rev. George Payne officiating. Pallbearers will be: Alvin and Elbert Phillips, Dan and Ross Burns, Olive Hardin and Elbert Evans.

Interment will be made in the Mt. Olive cemetery.

The body was taken to the Richards funeral home at Tipton and was taken to the family home this morning.

Royal Neighbors Had A Program

Violet Camp 607 Royal Neighbors of America, entertained the Tri-county Convention Tuesday at the Woodman-Macabee hall, with the following camps present: La Monte, Green Ridge, Holden Smithton, Knob Noster, Warrensburg, Ionia and Warsaw.

The District deputy, Juanita B. Dow was present. The afternoon meeting was opened at 2:00 o'clock and all business was transacted and the election of officers held. It was decided that the meeting next year will be held in Knob Noster.

The evening session opened at 7:30 o'clock with president Amelia Jones, presiding. Four new candidates were initiated into the order. A rainbow drill was given by the youngsters, who were led by Mrs. Lee Thomas. A group of dance, baton and musical numbers followed.

All camps represented gave some part of the Royal Neighbors work. The meeting attended by 200 people was closed by the singing of "God Be With You 'Til We Meet Again."

All-Day Meet Of Homemakers

The Dresden Homemakers club met in all-day session at the home of Mrs. Clyde M. Ferguson with Mrs. D. E. Edwards as assistant hostess.

After a contributed dinner at the noon hour, the president, Mrs. George Fichter introduced Mrs. J. D. Green of La Monte, teacher of the Jackson school, who gave a short talk on "Redistricting of Schools" and explained the clinic of immunization for school children to be held in Sedalia the latter part of September.

The business meeting was opened by the members singing, led by Mrs. F. L. Schenk, "The More We Get Together," and "The Church in the Wildwood." The devotion was then given by Mrs. N. W. Dorrance. She also gave a report on a meeting held at the court house, organizing a health program for Pettis county of which Mrs. George Fichter was elected president. Roll call was answered by each telling what she would like as a club project for the year 1950. Plans for achievement day were made, also reports of the different committees were given. A short talk on "American Traditions," was given by Mrs. Chester Drake.

Present were 24 members and the following visitors: Mrs. Roy Alexander, Mrs. Charley Mawhorter, Mrs. Bruce Richey, Doty and Kitty Lou Richey, Mrs. P. L. Strole, Mrs. Paul Gottschalk, Dean and Dale, Mrs. J. F. Rittman, Mrs. Anna Schaffer, Mrs. Fannie Edwards and Mrs. Lily Overlander of the state of California as guest of Mrs. George Fichter and Mrs. Earnest Friedrich, who became a member of the club. Mrs. J. O. Green and daughter Dee Ann were guests at the noon hour.

At the close of the meeting, Mrs. P. L. Strole gave a demonstration on starting and re-rooting bushes.

The next meeting will be an all-day meeting October 18 at the home of Mrs. Charles Romig.

'Satan' Removed From Heating Pipe

Otto Prochazka, an electrician, holds the last of a litter of kittens lured from their home in the heating pipes of the Oak Park Christian chapel at Detroit, Mich. All this week the congregation shivered at nightly services because the kittens in the pipes prevented turning on the heat. Satan, so named by the congregation, refused all offers of sardines and milk to come out after the rest of the litter had been removed by that method. Prochazka rattled a long wire inside the ducts and finally—out popped Satan. (AP WIREPHOTO)

Reports Seeing 'Flying Saucers'

"People will probably think I'm crazy but I saw them." Those were the words of Mrs. Emory Herrick of 237 South Quincy avenue used in relating her experience of seeing "flying saucers" as they roared over Crown Hill cemetery last Sunday.

Mrs. Herrick accompanied by Mrs. Alvin Schilb, of 235 South Quincy avenue were at the cemetery about 5:30 o'clock and Mrs. Schilb was arranging some flowers when Mrs. Herrick heard a roar and said "there must be a bunch of planes coming." Just then she glanced up and lo and behold there were the "flying saucers."

Mrs. Herrick described the saucers as about the size of a full moon and of a silvery-white color. She said they first appeared in the northwest and had disappeared in a cloud bank in the south-

east in about two or three minutes. She said they were going extremely fast and making considerable noise.

Mrs. Schilb's brother-in-law also heard the roar but did not see the saucers. Mrs. Herrick said she had heard several other people say they had heard the tremendous roar but didn't see anything.

Program at Meet Of The Rebekahs

Loyal Rebekah Lodge 260 held the regular meeting at L. O. O. F. Hall on Friday evening.

Routine business was transacted during which a program was presented for the origin of the Rebekah Lodge by Schuyler Colfax, 98 years ago. The program was presented with Mrs. Virgil Tucker as chairman; the history of Rebekah's by Mrs. Frank Paul. Two solos were sung by Mrs. Edwin Danforth accompanied by Mrs. Georgia Meyers.

The next meeting will be held Friday evening.

Community News from Hughesville

Mrs. Harold Conway

Richard Shelton, of St. Louis, spent the week-end at his farm "The Grasslands." Mrs. Shelton and daughter, Kitty, returned to their home the first of the week after spending the summer at Charlevoix, Mich.

Mr. and Mrs. Glen Chamberlain, and daughter, Betty Lou, left Thursday by car driving to Jackson, Miss., where Betty Lou enrolled in her second year at a girls college.

Miss Wilma Wheeler, who has had a position in Kansas City, the past two years left for California for a new position and will be with her sister, Mrs. Norval Wagner.

Tom Cartwright, who has been in Pettytown, Tex., this summer came to Missouri, accompanied by his uncle June Cartwright with whom he has been staying, for a short visit and has returned to Texas.

David Bouldin spent Thursday in Fayette where he enrolled in Central college. Other students in Central from Hughesville are: Ella Dee Runge and McConway, both freshmen and Barbara Conway, a junior, majoring in art. Miss Conway is assistant editor of the Collegian, the college paper.

Mr. and Mrs. Stanley Hudson and son, Gilbert, of Chattanooga, Okla., were guests of Mr. and Mrs. John Callis, the past week. Mr. Hudson's mother and Mrs. Callis' mother were sisters.

Mr. and Mrs. Walter Smith have returned from a trip to Red Rock, Okla., where they were guests of Mrs. Smith's mother and brother. Julian, Elgin, of Chickasaw, Okla., who have been guests of his sister, Mrs. Will Fowler and Mr. Fowler the past several weeks, has returned to his home.

"PALS, DEAR OLD PALS"—Maybelle, the three-gaited mare, puckers up for a kiss after Polly, the parrot, broke the sad news that the two pals must soon part. They're fellow thespians, members of the Chicago Railroad Fair, but soon they'll be auctioned off for less glamorous roles.

and Mrs. Dean Grigsby and son, Michael of Lower City.

The Woman's Society of Christian Service of the Bethel church gave a reception in honor of their pastor, Rev. Wayne Hoehns on Sunday evening after church services. He is leaving for southern Missouri where he will hold a pastorate and also teach school during the week. Mr. Hoehns was presented with a gift. Refreshments of ice cream, cake and lemonade were served.

To Be in Carnival

Mrs. Allene Harper, of the Harper Dance school, has announced that fall classes will start October 1.

The dance school's first fall appearance will be at the Whittier school P. T. A. carnival.

Mrs. Harper has taught dancing in Sedalia for two and one half years and among her dance pupils is Carol Turner, known throughout Central Missouri for her acrobatic and toe dancing ability.

NEW RELIEF! For Stuffiness, Coughs of Colds

You know—like millions of others—how wonderfully effective Vicks VapoRub is when you rub it on.

Now...here's amazing, special relief when there's much coughing or stuffiness, that "choked-up" feeling. It's VapoRub in Steam...and it brings relief almost instantly! Put 1 or 2 spoonfuls of VapoRub in a vaporizer or bowl of boiling water. Then breathe in the soothing, medicated vapors. Every breath eases coughing spasms, makes breathing easier. And to probing relief—rub VapoRub on throat, chest and back.

Use it in steam...Rub it on, too!

SEE and HEAR OLSEN and JOHNSON'S
FIREBALL FUN-FOR-ALL
every Thursday on Television

Guess who's losing sleep over this one?

FOR years, folks have talked about the "low-priced three" in the car business.

For a generation these have been the same three cars, unchallenged for position simply because they were lowest priced.

But take a look at the beauty pictured here and ask yourself:

How would you like to sell against it, with its wealth of Buick features?

How would you like to compete with it when it wears a price tag any new-car buyer

can reach, gives you straight-eight performance for less than many sizes?

Truth is, this one sets a lot of standards that are going to be hard to match.

This styling is certainly something to start other designers tossing in their sleep.

This handy size—a dream in traffic, yet generous in interior room—is a "must" for cars yet to come.

The lift of high-pressure Fireball power—the level-going comfort of the Buick ride—the luxury of Dynaflo Drive, here op-

tional at modest extra cost—all these are wanted things others just can't overlook.

So why not do the obvious thing and go see the car that's causing sleepless nights in Detroit?

Study its smartness, test its room and comfort, try its handling, note the precise figures of its delivered prices.

You can do all that on a single trip to your Buick dealer's—and make your selection of a wide choice of equipment and colors at the same time.

TEN-STRIKE!
Only Buick SPECIAL has all these Features:
TRAFFIC-HANDY SIZE • MORE ROOM FOR THE MONEY • DYNAFLOW DRIVE optional at extra cost • JET-LINE STYLING • NON-LOCKING BUMPER-GUARD GRILLES • HIGH-PRESSURE FIREBALL STRAIGHT-EIGHT ENGINE • COIL SPRINGING ALL AROUND • LOW-PRESSURE TIRES ON SAFETY-RIDE RIMS • GREATER VISIBILITY FORE AND AFT • SELF-LOCKING LUGGAGE LIDS • STEADY-RIDING TORQUE-TUBE DRIVE • THREE SMART MODELS WITH BODY BY FISHER

Pettis County Farm and Home News

PMA Election Meetings in Townships

Delegates Be Named for Oct. 1 Convention

Township PMA election meetings are being held in Pettis county this week for the purpose of electing farmers' in each township to locally administer the farm programs carried on under the Production and Marketing Administration, says James A. Harvey, chairman of the Pettis county committee. At each of these meetings a delegate will also be elected to attend the county conservation on Saturday, October 1, for the purpose of electing regular and alternate members of the county committee for the ensuing year. Farmers elected to the community and county committees will assume their duties immediately upon election.

It is the duty of these men elected to act as agents between the farmer and the State and National officers of the Administration. It is their responsibility to explain to Pettis county farm owners and operators the various programs offered and the benefits to be derived therefrom and to encourage participation in the programs for the general welfare of the public as well as the farmer.

Any farm owner or operator participating in the soil conservation program, CCC loan program or who has signed an application for Federal Crop Insurance is eligible to vote in this election. Harvey urges all eligible voters to attend the election meeting in the township in which their farm is located and help choose capable men to be their community committee. The better representation we have, the better programs we will have.

Schedule of Meetings

Township meetings are scheduled as follows:
Blackwater township — Eden Valley school, Monday night, September 26; Bowling Green township — Beaman Community hall, Wednesday night, September 28; Cedar — Sedalia townships — PMA office, 209½ South Ohio, Tuesday night, September 27; Dresden township — Dresden Community hall, Friday night, September 30; Flat Creek township — Walnut school, Thursday night, September 29; Green Ridge township — Maple Grove school, Wednesday night, September 28; Heath Creek township — Cartwright school, Friday night, September 30; Houston township — Houston high school, Wednesday night, September 28; Hughesville township, Hughesville high school, Tuesday night, September 27; Lake Creek township — Ringen school, Thursday night, September 29; LaMonte township — Scout Cabin, Thursday afternoon, September 29; Longwood township — Longwood grade school building, Thursday night, September 28; Prairie township — Glover school, Monday night, September 26; Smithton township, Smithton high school, Monday night, September 26; and Washington township — Manila school, Friday night, September 30.

Mystery Farm Pictures in Central Missouri---

Whose farm is it?

Occupants of the above farm home may have wondered this spring about a plane buzzing low over their buildings. The picture explains it. The airplane pilot didn't know whose farm it was. The two of them just flew around the Central Missouri area served by the Sedalia Democrat-Capital newspapers and took pictures. They couldn't take pictures of all the farms but they got as many good shots as possible during their flight time.

has entries from 15 states and the 376 head of Herefords entered represents the largest number in recent years, except for the special \$75,000 "R. J. Royal" held in Kansas City in 1948.

Time Nears To Reorganize The 4-H Clubs

October Pointed Out As Favored Month For Same

During the fall months, October particularly, 4-H club members reorganize their clubs, elect new officers and plan their next year's program. Although 4-H club work has been carried so far almost three decades there are still many who have never been reached by the program. A brief review of what 4-H clubs are and how they function in the community may enlighten those who are unfamiliar with them and may serve to influence young people in communities without a club to organize one of their own.

What Are They?

The 4-H clubs are organized groups of young people who are engaged in farming, homemaking, or community activities under the guidance of cooperative extension workers and local volunteer leaders trained by them.

Who May Belong?

Any boy or girl between the ages of 10 and 21 years who agrees to "learn to do by doing" may enroll. The group elects its own officers, plans and conducts programs based on the needs and interest of the young people, holds regular meeting and take part in community activities. There are 4-H clubs in practically all counties of every state and in Alaska, Hawaii and Puerto Rico.

What Do They Do?

4-H members carry on project work, exhibit and judge their products and demonstrate the methods they have learned. The projects include raising livestock, poultry, crops, vegetables and fruit, conserving the soil and doing agricultural engineering and handicraft, preparing and preserving food, selecting and making clothes and furnishings for the home, doing home work, improving home grounds and many others. 4-H clubs also carry on such activities as everyday courtesies, grooming, safety, posture, first aid and wildlife conservation. In addition to their work they enjoy organized recreation and attend many camps where they learn to work and play together.

4-H has helped develop over 10,000,000 young citizens since its beginning. The program is helping to increase farm incomes, improve standards of living, increase the satisfactions from community life.

So about once a week hereafter, until the pictures run out, the Sedalia Democrat-Capital will print these farm home pictures as a news feature. The newspapers would like to know whose farm homes they are.

Who lives in the above pictured farm home? If the occupant will come to the news department on the second floor of the Democrat-Capital, building at 110 West Fourth street, Sedalia, and identify himself, he will be given free the original 8x10 glossy print photograph of the farm pictured above.

and prepare young people for the world ahead.

Meaning of Four H's

The expression 4-H used in connection with these clubs, typifies the training of head, hands, and health which the club program provides.

The national 4-H emblem is a four-leaf clover, with a letter "H" on each leaf.

Ten 4-H Guideposts

These ten guideposts are used by cooperative extension workers and local leaders to aid 4-H members in analyzing their own situations, needs and interest so they may build programs that will help to prepare them for citizenship, physically, mentally and spiritually by:

1. Developing talents for greater usefulness.
2. Joining with friends for work, fun and fellowship.
3. Learning to live in a changing world.
4. Choosing a way to earn a living.
5. Producing food and fiber for home and market.
6. Creating better homes for better living.
7. Conserving nature's resources for security and happiness.
8. Building health for a strong America.
9. Sharing responsibilities for community improvement.
10. Serving as citizens in maintaining world peace.

If you are interested in joining the ranks of this great group of young Americans you should see your local club leader, or if there is no club in your community you should contact the Agriculture Extension Service in Sedalia, Mo.

Store Grain in Quonset Huts

DETROIT, Sept. 28.—(AP)—Quonset huts—wartime homes for a million GI's—are popping up like mushrooms in the midwestern corn belt.

This time their use is a peaceful one. They are to house much of the surplus grain stored in line with the department of agriculture's commodity program.

Some 2,300 of the curved-roof, steel-ribbed buildings are being erected at 670 widely scattered locations in 10 states, according to Great Lakes Steel Corp. of Ecorse, Mich., which makes them exclusively.

States that will use them are Iowa, Illinois, Nebraska, Indiana,

Hereafter from time to time the other mystery farm pictures will appear on the Democrat-Capital farm page. Watch for them. If one is your farm picture, come for the photograph.

The picture of the George Pearl, Jr. farm that appeared in last Monday's Democrat and in Tuesday's Capital was claimed late Saturday afternoon at the Democrat-Capital news office. The farm is located on Highway 127 just north of the Sixteenth street road and south of LaMonte. The couple was married June 20, 1948 and have lived on the farm

since that time. They have a son four months old. They made purchase of the property in February of this year from George Emo, former owner.

The principal crop on Mr. Pearl's tractor-operated farm is at the present time corn. They also have several head of cattle and a few hogs. A small garden was raised this year which produced well in vegetables. The Pearl's expect to have a much larger one next season.

Mr. Pearl was in the navy during the war and was married soon after his discharge.

Harvey, "somewhere around 2,000 farms are yearly participating in the programs administered by these county and community committees. Without a doubt, the owners and operators of these 2,000 farms are interested in the men who administer these programs for them. It is hoped farmers will show their interest by attending the election meeting in the township in which their farm is located and help elect capable men for the local administration or the various programs."

Individual notices of the place and time of each community election meeting are being mailed to all Pettis county farm owners and operators.

Achievement Week Nov. 5-13

At its third quarterly meeting held Tuesday evening, September 20th, the county 4-H council moved to publicize National 4-H Achievement Week by the use of exhibits and posters in the store windows. National 4-H Achievement week is November 5 to the 13th this year.

The council had as its main topic for discussion project completion and record keeping. Tom Harvey of the Longwood Neighbors 4-H club and Mrs. Willard Alltop of the Bethel 4-H club reported the methods they used in achieving 100% completion in their clubs.

Lillian Bahner of the Striped College club reported the method she used in keeping her project record book up to date. She stated that she found that by listing the work completed in her record book as soon as she had done the job made record keeping a simple job for her.

The council also discussed the yearly plan of work and moved to

T. J. Ream Keeps Record On Young Pigs

Gilts In 1948 Did Not Do As Well As Sows In Herd

Thomas J. Ream of Hughesville who is a member of the Pettis County Balanced Farming Association has been cooperating with the County Extension Office in obtaining growth records on the young pigs in his hog herd.

Weights are taken at or near eight weeks because it has been found that weights at that age are very closely correlated with weights at the regular market age of approximately six months. In other words a litter that is heavy for its age at eight weeks makes good gains and is also heavy at market age.

The first records at Reams were obtained on the pigs in the 1948 spring pig crop produced by 5 sows and 5 gilts. The sows all did a creditable job farrowing an average of 11 pigs and weaning an average of 10 pigs. The litters averaged 415 pounds with the lightest litter weighing 315 pounds and the heaviest, a litter of 11 pigs, weighing 483 pounds. All the litters were weighed again at market time and the heaviest then was the same as the heaviest at 8 weeks. The 11 pigs weighed 2490 pounds. A litter of 12 that weighed 466 pounds at 8 weeks also weighed 2490 pounds at 6 months.

Sows Do Well

The gilts in 1948 did not do quite as well as the sows, averaging 7 pigs farrowed and 7 weaned. These litters, at 8 weeks, averaged 225 pounds with the lightest containing 3 pigs and weighing 99 pounds and the heaviest containing 11 pigs and weighing 99 pounds. Needless to say the gilt that raised 3 pigs went to market.

These 10 litters were farrowed during the first ½ of April 1948 so had cool weather and the sows had palatable pasture during the first 8 weeks of the pigs lives.

In 1949 the 4 gilts and 4 of the sows did not farrow until June. While about as many pigs were farrowed and raised they did not make as good gains during the 8 week suckling period of late June, July and August as the 1948 pigs did during late April, May and early June.

The 8 litters averaged 11 pigs farrowed and 8½ pigs weaned. The heaviest litter included 10 pigs from a litter of 11 farrowed. The 10 weighed 306 pounds at 8 weeks. The lightest litter was from a sow who as a gilt in 1948 farrowed and raised 8 pigs. However in 1949 she farrowed 3 and raised one that weighed 33 pounds.

Complete records of the 10 sows are listed below.

Prevent Fires On The Farms

Suggestions On Removal Of The Many Hazards

October 9 to 15 is National Fire Prevention Week. In thinking of this week it is well to remember that approximately 3500 farm people lose their lives each year in farm fires, while many others suffer permanent or temporary disabilities, that damage to property amounts to about \$1,000,000.00 and that about 90% of all these destructive fires are regarded as preventable.

"It's easier to prevent fires than to put them out" says the fact sheet prepared by the U. S. D. A. Safety Council, U. S. Department of Agriculture in cooperation with the National Fire Protection Association.

This association says there are eight principal farm fire hazards. These hazards and what to do about them are:

1. Careless smoking habits. Make sure cigarettes are extinguished before discarding them. Don't smoke in barns or other places where there are quantities of flammable materials.

2. Accumulations of debris. Clean up the house and other buildings.

3. Improper storage of gasoline and kerosene and use of flammable cleaning fluids. Store gasoline and kerosene away from main buildings, preferably underground. Use non-flammable cleaners.

4. Careless handling of matches. Keep matches in metal containers where children can't reach them.

5. Dirty or defective chimneys, heating plants, lamps, lanterns, engines and machinery. Defective electrical appliances and frayed cords. Keep equipment clean and make repairs promptly.

6. Flammable wood shingle roofs. Use fire-resistant asphalt shingles, asbestos, slate or other fire-resisting roofing.

7. Improperly cured hay in barns. Cure hay thoroughly and keep it dry.

8. Lightning. Use lightning rods with good ground and metal connections on all main buildings.

Time Now in Soil Conserving

"It's about time we all got to work to get those last minute soil conservation jobs finished. The weather-man is cooperating with us now—the fall crops are nearly all harvested making fields available to do dirt moving practices or to spread limestone and fertilizer—and so while conditions are favorable—let's get the job done," urges James A. Harvey, chairman of the Pettis county PMA committee.

Last spring when the farmers gave their intentions of the soil building and conservation practices they would carry out this year, it all looked like a big undertaking but no more than is needed each year to keep abreast of requirements to protect our soil. All year long they have been working to do these practices, and a great many of the intentions have been carried out. But what of the others?

Assistance to encourage farmers and help made it possible for them to carry out the intended conservation practices is provided under the Agricultural Conservation Program. It is vital to the nation that its soil and water resources be protected and built up for future abundant production to meet the needs of an increasing population. Every farmer has an equal obligation to the country to protect land and water resources.

There is still time this year to earn the assistance offered by building waterways, constructing terraces, ponds or drainage ditches, or by the application of fertilizer with a new or old stand of grass or biennial or perennial legume and the application of limestone.

As soon as the intended practices are completed on each farm, that farmer is to make his report to the county PMA association office of the practices performed during the year so that the assistance due him may be determined, said Harvey.

Demonstrations To 4-H Hustlers

The South Abell 4-H Hustlers held its regular meeting, September 21, at the community hall.

The meeting was called to order by the president, Emmett Fairfax, who led the club in repeating the 4-H club pledge. Roll call was answered by naming something you do when you do as you please. All of the projects reports were due to be turned in to the secretary.

Demonstrations were given in livestock by Leonard Anderson and Howard Leuinghoener; in food preparation by Helen Anderson and Lora Leuinghoener; in first aid by Elinor Van Dyke and Virginia Fairfax.

After the business session, games were played and refreshments were served.

Mrs. E. N. Pizer
Mr. and Mrs. Pete Musslin, of Fortuna, gave a wedding supper in honor of their daughter, Mrs. Dorothy Imbody, who was married to Oscar W. Hardey, a son of Pete Hardy, of Syracuse.

The couple was married Thursday, September 15th, at six o'clock at the home of Rev. H. U. Campbell, of Sedalia.

Attendants were Mr. and Mrs. E. Hardey.

Following a short trip the newlyweds will be at home in Syracuse, where they recently built.

A district seminar of the Woman's Society of Christian Service was held at the Methodist church here, Wednesday, September 14th.

Mrs. S. O. Brill, district president, and Mrs. W. J. Holtzen, of Smithton, were in charge of the morning and afternoon sessions, with lunch being served in the basement of the church during the noon hour.

Fifty officers and members of local societies were present, representing Windsor, Versailles, Stover, Sedalia and Tipton churches.

A carload of Tipton ball fans witnessed the St. Louis Cardinals have a field day at the bat in the game they won at Sportsman's park in St. Louis, Sunday afternoon, from the Philadelphia Phillies, 15 to 3. Ron Northey, Stan Musial and Enos Slaughter each poled a homer.

Making the trip were C. M. White, Billy Mac Snorgrass, William Helt, Earl Devine, Harold Alvin and David Brant.

Senate Passes Bill On Public Works

WASHINGTON, Sept. 26—(AP)—The Senate Friday passed a bill authorizing \$100,000,000 in advances to states and communities to be spent for the planning of public works projects.

The action was by voice vote. The measure goes now to the House.

In Congress, the bill has been called an "anti-depression measure."

Last July President Truman recommended such a program of

advance planning as a safeguard "if the business downturn should become more serious."

Cardinals' Skipper Predicts Outcome of Pennant Race

By Joe Reichler
ENROUTE TO PITTSBURGH WITH THE CARDINALS, Sept. 26.—(AP)—Practically everybody in St. Louis, from the big banker to the little hat check girl, thinks the St. Louis Cardinals won the National league pennant yesterday.

That is, everybody but Eddie Dyer, manager of the Redbirds. He thinks the Cards won the flag the night before.

That sounds too confusing? Let's try to make it a little clearer. St. Louisans think that yesterday's results which showed the Cards defeating the Chicago Cubs, 6-1, while the Philadelphia Phils were knocking off Brooklyn's second-place Dodgers, just about clinched matters for Dyer's boys. That game and a half lead with only five to go for the Birds simply is too much for the Dodgers to make up, they insist. Even if the Brooks win their remaining four games, the Dodgers can't catch them if the Cards win four of their remaining five.

Now we come to Dyer. At exactly 1:30 p. m. CST, an hour before his team was to tangle with the Cubs yesterday and with St. Louis only a half game ahead of Brooklyn, the affable skipper said:

Dyer Speaks up
"I think the Cards will win the pennant. Do you know why? Because last night we won a game that by all laws of baseball we had no right to win."

"The boys gave one of their poorest exhibitions of the year, if not the poorest. We were simply terrible. We did everything wrong. We made errors of commission and omission."

"That first inning when (Stan) Musial doubled and ran on blind, with his head down, to set up a double play nearly gave me a fit. The Cubs shoved us all over the field, yet we won."

"Remember, too, that the victory came right after the Dodgers had given us that terrible pasting (a 19-6 defeat) and you can understand what a tremendous lift that gave us. That's what led me to believe that the Dodgers could not catch us."

Paradoxically, no sooner had the Cards beaten the Cubs again yesterday and taken the commanding game and a half lead, Dyer returned to his cautious and conservative self.

Interviewed in the clubhouse after the game, Dyer said:

Toughest Rival
"I've made no prediction all year and I want to remain in character. Pittsburgh has been our toughest club this season and

MVC Gridiron Information

By L. E. Skelley
DES MOINES, Sept. 26.—(AP)—Drake and Bradley, both undefeated, take over the Missouri Valley conference football spotlight this week.

They'll get together at Peoria Saturday night. It is a revenge affair for Bradley, 17-14 loser to the Bulldogs in a wild finish last season. Furthermore, the Braves want to win their first official start in valley football affairs.

Drake has piled up 82 points in two non-conference games. First it was South Dakota State, 40-0, then the Emporia, Kas., Teachers, 42-0.

Bradley holds victories over Ripon (14-0) and Louisiana Tech (20-18).

The Oklahoma Aggies, who don't get about their business of defending their valley title until the October 15 assignment with Drake, head west for a battle with Denver university Saturday. The Aggies gave advance warning to the conference with a 33-33 tie with Texas Christian last Saturday.

Detroit university, pleased with its 20-14 victory over Tulsa in its first conference test, plays Villanova at Detroit Friday night. Tulsa hopes to bounce back against the University of Florida at Tulsa Saturday.

Wichita will be gunning for a comeback in its contest with the University of Houston at Houston. The Shockers were toppled 23-6 by Miami (Ohio) university last Saturday.

Kirkville (Mo.) will furnish the competition in the first game for St. Louis university at St. Louis Friday night.

NEW YORK, Sept. 26.—(AP)—Remember those Minnesota U. footballers who spent the summer working for a Columbus, O., concern and living in Ohio State fraternity houses? . . . Well, one of them, freshman Lloyd Widstrom of Rock Island, Ill., liked the scenery, etc., around Columbus, O., so much he decided to "go-phre" O.S.U. . . . and it was one of Bernie Bierman's pals who provided the jobs . . . Maybe it comes out even, because Ohio State is getting considerable competition for schoolboy talent from Cincinnati U., coached by Sid Gillman, an Ohio State grad.

Road Closed, Detour
Although your major league ball player these days is somewhat more learned than his old-time counterpart, the "busher" species hasn't entirely disappeared. . . . Gabe Paul recalls that when the Cincinnati Reds trained in Puerto Rico in 1936, they queried the athletes whether they'd prefer to travel by boat or plane. . . . One rookie wrote back, "If it's all the same to the management, I'll drive down."

Monday Matinee
Ray Sowins, St. Louis farm hand with the Albany, Ga., Cardinals, has been in organized baseball five years and on a pennant-winning team every year. . . . Maybe next spring he'll be brought up to the majors—where they'll call him "that guy showin'-so" . . . Gene Hinton, Michigan Guard candidate, once was state high school trombone champion at Drumright, Okla. Sounds as if he'd drum wrong. . . . The U. of Texas, just as proud of its golfers as its footballers, will have two players next spring who have been runners up in the National Collegiate A. A. tournament—Ed Hopkins and Maurice Williams.

Highlights On Football Over Nation

The Two Fearsome Teams Move to The Pacific Coast

By Will Grimsley

NEW YORK, Sept. 26.—(AP)—Michigan and Notre Dame, college football's fearsome one-two punch, move to the Pacific Coast this week to find out if the far westerners really are on the rebound.

The top-ranked Wolverines go against Stanford, one of the coast's surprise "Big Three" of the young season. The Fighting Irish invade for a tiff with Washington.

The sun-baked Pacific athletes, who have been easy intersectional pickings since the war, showed a lot of grit and gristle Saturday in scoring three important victories.

Reclaim Gridiron Might

This brought rise to talk that perhaps the coast is ready to reclaim its old position of gridiron might.

Stanford rolled over Harvard, no giant but a fairly good eastern eleven, 44-0. Southern California jarred a Navy team of great expectations, 42-20. UCLA won its second straight game with an intersectional triumph over Iowa, 41-25.

The west's strong upsurge shared the limelight with a typical show of strength by Notre Dame, a matching performance by Oklahoma and a tight squeeze for Michigan.

The Irish swamped Indiana, 49-6. Oklahoma's Sugar Bowl champions sounded a warning that they may be strong contenders for national honors by smothering Boston college, 46-0.

The resourceful Michigan Wolverines, playing before nearly 100,000 in their giant Ann Arbor stadium, edged Michigan State, 7-3.

But this was the case also last year when the Wolverines had a tough afternoon with their intrastate rivals but went on to rack up another perfect season.

No Surprise

Texas, Duke, Northwestern, Tulane and California were powers that came through as expected, plus some.

The big disappointments were Penn State, one of last year's eastern powers and Vanderbilt, which had been expected to challenge for Dixie honors.

A light, fast Georgia Tech team socked Vanderbilt, 12-7, while Penn State fell before Villanova 27-6.

Texas handed Temple the worst defeat in the Philadelphia institution's history, 64-0. Duke had a picnic with little Richmond, 67-0. Northwestern, the Rose Bowl champions, turned back Purdue, 20-6. Tulane whipped Alabama, 28-14. California won over St. Mary's 29-7.

Other Meets This Weekend

Besides the two big intersectional games this weekend, the Far West offers Washington State at Southern Cal, California at Oregon State and Oregon at UCLA.

The South bids for notice with Duke at Tennessee, Georgia at North Carolina, Georgia Tech at Tulane and Rice at Louisiana State.

Mid-west features are Pittsburgh at Northwestern, Iowa at Purdue and Wisconsin at Illinois. Army, an easy winner over Davidson in its opener, plays Penn State, Harvard takes on Columbia and Princeton invades Navy in the East's top games.

The Conestoga wagon used in the U. S. covered wagon days was 16 feet long and its wheels were as high as a man.

Trying to Stop Ohio State Score

Missouri university halfback Ed Stephens (22) makes a vain attempt to deflect the ball as it settles into the arms of Ohio State's Jim Hogue for an Ohio State score at Columbus, Ohio. The Ohio State end took the ball in the end zone on a pass from Jerry Krall, putting the score at that time in the third quarter at 20-14 in Ohio State's favor. The Ohio State team went on to win 35-34. (AP WIREPHOTO)

Louise Suggs is Queen Of Women's Nat'l Golf

LANDOVER, Md., Sept. 26.—(AP)—Slender, freckle-faced Louise Suggs from Georgia is the new queen of the Women's National Golf Open.

She fired a five-under-par 70 at Prince George Country club yesterday to give her a 72-hole total of 291 and a 14-stroke margin over Babe Didrikson Zaharias.

Babe stroked 80 on the final round for a 305 total and second-place prize money of \$1,000. Miss Suggs got \$1,500 for first place. The next nine low scoring pros were given checks ranging from \$800 to \$150.

Top amateur was Carol Diring-er of Tiffin, Ohio. She carded 306 for the third place total.

Indianapolis Needs One Victory For Crown

MILWAUKEE, Sept. 26.—(AP)—Indianapolis invades Milwaukee tomorrow night needing but one victory from the Brewers to win the American Association playoff championship and qualify for the Little World Series against the International League winner.

Young Joe Muir, rapidly improving lefty who hurled the Tribe to its first victory in the final best of seven series, probably will start.

Milwaukee is expected to counter with its right handed ace, Norman Roy. He was the loser in a tight 3-2 duel won by Muir in the first of the Indians' three straight victories.

The Tribe banged three Milwaukee hurlers for 14 hits in taking their third game 9-3 at Indianapolis yesterday.

Red Sox Expect to Better Tie With Yanks by Nightfall

By Ralph Toden (Associated Press Sports Writer)

When Tom Yawkey, millionaire owner of the Boston Red Sox said, "Those darn palookas of mine are going to be the American league champs," everyone thought it was a good crack.

Well, those palookas are tied with the New York Yankees for first place in the American league today, a position they expect to better by nightfall.

Lefty Mel Parnell pitched the rampaging Red Sox into a flat-footed tie yesterday as he downed the Yanks, 4-1, with a neat fourth-inning before a howling mob of 35,517 fans at Boston.

The Red Sox take on the Yankees in the stadium today with Lefty Maurice McDermott (5-4) scheduled to go for the palookas against New York's Tommy Byrne (15-7).

Now is The Time

A triumph for either party would just about settle the issue. Following today's battle both teams will have five games left to play including two at the New York park next Saturday and Sunday. In between meetings the Red Sox play three games with last place Washington and the Yanks three with the pesky fifth place Philadelphia Athletics.

While the Red Sox stiffened the Yankees yesterday the St. Louis Cardinals zoomed into a commanding one and one-half game lead over the Brooklyn Dodgers in the National league race. The Cards beat the Chicago Cubs, 6-1, while the Philadelphia Phils split the Dodgers, 5-3.

St. Louis and Brooklyn, marking time today, have five and four games left to play, respectively. The Cards have three dates with the last place Cubs and two with sixth place Pittsburgh. The Dodgers have two meetings with the Phils and two with Boston.

Should the Cards win only three of their remaining five games it would assure them of no worse than a tie, providing Brooklyn takes all four of its games. Four chant of "Wait until next year" will be revived in the borough where the famous tree sprouts.

Harry (Th Cat) Brecheen tamed the Cubs on six hits and collected four of the Cards' 12 safeties. The crafty lefthander batted in three runs and was only ruffled

Frank Stranahan Won Amateur Championship

ST. LOUIS, Sept. 26.—(AP)—Frank Stranahan, who opened the 1949 major golf season with a victory in the north-south amateur championship last April, closed it by winning his second Western Amateur title.

Stranahan, who plays the major tournaments of the world around the calendar year, yesterday disposed of Walter Cisco, young Louisville, Ky., lawyer, 5 and 4, in a scheduled 36-hole Western championship match.

In between the North-South and 47th Western Amateur golf meets, Stranahan failed to protect his titles in the British and Canadian amateurs. He was knocked out of the National Amateur by Robert (Skee) Riegel in the third round.

Stranahan's victory yesterday on the 6,505-yard Bellerive Country club course was his second in the Western since the war. He beat Marvin (Bud) Ward, of Spokane, Wash., in 30 holes at Duluth, Minn., in 1946 and lost it in the finals to Ward at Des Moines, Ia., the following year.
